

# Gastroenterologist required for Port Macquarie, NSW Mid-North Coast

**Hastings Day Surgery and Port Macquarie Private Hospital, conveniently located on the New South Wales beautiful Mid-North Coast are looking for a third Gastroenterologist to help support the growing demand for this service in the region.**

## **YOUR BENEFITS:**

1. Fantastic opportunity from both a lifestyle and work perspective.
2. Financial assistance with relocation to the region.
3. Assistance with consulting rooms setup.
4. Assistance with marketing your practice to GP's in the community to help establish your referral base.

## **ABOUT US**

Hastings Day Surgery is the endoscopy centre for Port Macquarie and the only private facility in the region. The centre is a well established facility providing a full range of endoscopic services including:

- upper gastrointestinal
- endoscopy
- colonoscopy

The centre incorporates a day theatre, consulting suites, an admission area and a two stage recovery unit where patients can recuperate under the caring supervision of trained nursing staff.

Port Macquarie Private Hospital comprises 69 beds with 31 private rooms and four operating theatres. The hospital also incorporates a 5 bed High Dependency Unit, 6 Chair Renal Unit and a thriving Rehabilitation Unit.

## **WHY PORT MACQUARIE ?**

The Hastings Region has a population approaching 80,000 people with 45% (above the national average) holding private health insurance. Port Macquarie is constantly expanding and is one of the fastest growing towns on the east coast of Australia. With its great 'all year round' climate it attracts retirees who along with the existing residents, generate a great demand for gastroenterology services.
